Ismail Gunduz

Senior Product Designer | UI/UX Design, AI-Assisted Creative Production, Video Automation
Braga, Portugal | EU Work Authorization | Open to Remote | ismailgunduz7@gmail.com | LinkedIn | Portfolio

SUMMARY

Senior Product Designer with 12+ years of experience in mobile apps, SaaS, ERP/CRM platforms and mobile games. Combines competitor and user-behavior analysis with UI/UX design, design systems and motion design. Since 2024, has produced AI-assisted performance video ads with After Effects and automated the supporting production pipelines. Prototypes interfaces in code with AI-assisted development (vibe coding).

WORK EXPERIENCE

Senior Product Designer | Oak Smart | London, UK (Remote) | 02/2020 – Present

- Designed and contributed to 20+ mobile apps, including mePic, AI Chatbot, Homely, Cleaner and Kalo (10M+ total downloads, 4.8/5 average rating).
- Designed game UI and animations for Braindom (100M+ downloads, 4.6/5 from 2.2M reviews on Google Play).
- Delivered app icons, store assets, Lottie animations, wireframes, prototypes and UI concepts; ASO assets increased organic acquisition by 15%.
- Produce AI-assisted performance video ads with After Effects (100 creatives per month; 191 briefs across 10 apps since 01/2026) and automate the video production pipeline.

Senior UI/UX Designer | MouthWatch | New Jersey, US (Remote) | 04/2019 – 02/2020

- Led end-to-end design of the company's two core products, Teledentistry and Dentistry.one, as sole designer working with product owners and developers.
- Designed 100+ screens for video calls, messaging and billing, and established the design system and component library.

Senior UI/UX Designer | Glitch Studios | Norway (Remote) | 04/2018 – 04/2019

- Designed UI and interactions for AR/VR products for Scandinavian clients, increasing user retention by 15% across 3 countries.
- Designed SaaS platforms and mobile apps for Norwegian clients, including Viljo, Amundsen House and Yacht App.

Senior UI/UX Designer | DocnMore | Turkey (Remote) | 08/2016 – 02/2018

- Managed a team of 3 designers delivering telehealth ERP, CRM and dashboard products.
- Designed mobile apps for Turkey and the Middle East (Qatar, Saudi Arabia), supported by design systems, component libraries and prototypes.

Head of Design | Boogy The Event Company | Turkey (On-site) | 01/2015 – 02/2016

- Developed communication strategies for the Turkish advertising campaigns of global brands, including Volkswagen, Domino's Pizza and Nike.
- Created visual design templates and coordinated a team of 6 to deliver weekly campaigns on schedule.

Product Designer | Turkcell (BiP) | Turkey (On-site) | 09/2013 – 01/2015

- Designed messaging, payment and gamification flows for BiP, Turkcell's messaging super app (50M+ downloads); a redesigned onboarding flow increased retention by 25%.
- Contributed to the atomic design system and produced social media visuals, ad videos and product tutorial videos.
